Commissioner for Patents

This miscellaneous communication has been provided to correct an inadvertent typographical error in the IDS submitted 12/21/2005. The IDS submitted 12/21/2005 intended to cite JP 64-12710, and instead cited JP 64-42710.

JP 64-12710 was submitted to the Office on 12/21/2005, with the above IDS document. The Examiner considered JP 64-12710 on 10/22/2007.

So that the correct information may be reflected on the cover of the patent document, the following items are enclosed with this communication:

- 1.) A PTO-892 document citing the correct Japanese patent, JP 64-12710, and
- 2.) A copy of the IDS submitted 12/21/2005, wherein the patent number containing the typographical error has been lined out.

A copy of the Japanese patent JP 64-12710 has not been included with this communication.
